ANNUAL MEETING OF CHAUVIN AGRICULTURAL SOCIETY WAS SUCCESS

One of the most successful annual meetings ever held by the Chauvin Agricultural Society was staged on the Oddfellow Hall on Friday evening. The program of proceedings being of a more social character than in previous years. A change which proved fully justified by the results.

The chair having been taken by the president, J. E. A. Pitman, the reports of the president, secretary, treasurer and judges were duly read and adopted. In the discussion that followed it was clearly shown that the society was in an improved financial condition and that the retiring directors had shown economy in their administration, at the same time having successfully handled the problems peculiar to the past year.

Everybody was glad to see P. H. Perry, the retiring secretary of the society, was able to be present. This being his first public appearance since his illness. The following were then elected as officers for the ensuing year:

President: Dr. H. G. Folkins
1st Vice Pres: Mrs. T. H. Armour
2nd Vice Pres: L. Fahner
Sec treas: P. H. Perry
Directors: Messadams J. Toth, H. G. Folkins; Messrs E. A. Pitman; N. Strachan; Lt-Col W. Rodden; A. E. Keith; G. Gibb; J. Craddock; H. Young; G. McEwen; W. Petrie; C. W. Ryall; C. J. Smith; W. Cubitt; J. Toth.

An adjournment was made for supper immediately after this election. There being some fifty couples present, two sittings became necessary. During the interval between parties a social time was spent Mr and Mrs. W. Cubitt contributing a song.

The proceedings were brought to a close by a popular dance, the music for which was supplied by the Chauvin Orchestra. While this was in progress, the newly elected directors got down to business by holding a meeting in the basement.

(Minutes of this meeting and details of the reports are held for insertion in the next issue).

ST ANDREW'S SOCIETY

A meeting of the members of the St. Andrews society was held in the office of Mr. A. E. Keith Saturday afternoon. Owing to the gathering not being fully representative it was decided to postpone the business of the annual meeting to a special meeting to be held at A. E. Keith's office at 2 p.m. Saturday December 13th.

EDINGLASSE XMAS TREE

Edinglass Christmas Tree concert and dance will be held at the schoolhouse, on Tuesday, December 23rd. Everybody invited. Ladies please bring baskets.

INTERESTING NOTES FROM EDGERTON

EDGERTON, Alta., Wednesday last December 3rd at a well attended meeting of the ratepayers of the village, T. H. Backus, (reeve), E. W. Bonner and J. Milne were elected by acclamation as councillors for the year 1925. The two first mentioned held office during the present year.

D. W. Alwood and family who have been residents in the McCafferty district for the past six years have sold out and left for Washington where they will make their future home.

Over fifty cars of livestock have been shipped out since early fall besides three cars of poultry already shipped and a fourth due next week. This coupled with four churnings by the local creamery during the past week at a time when the cream supply is supposed to be rather scarce shows that there is more than one way whereby a farmer can operate for final gain.

Radio has now taken considerable of a stranglehold on the residents of the village and district; the aerial masts in the village reminding one of a well filled harbor of fishing boats, their many masts towering to the sky.

The curlers have organized for some little time and have now got the ice almost ready for curling in spite of the mild weather. The skaters have also organized but their ice-makers have been beset with adverse weather conditions for ice making in an open air rink and it will take some time for their work to be completed unless the weather should take a sudden change. The curlers have installed a fine new electric lighting plant capable of taking care of both the skating and curling skating and curling rinks and a long-felt want is now supplied.

P. H. Pawsey is president of the curlers and H. E. Wheeler is holding the destiny of the skating rink.

Mr. Perry moved that the teacher be released from her contract with the Board, and that, to save possible complications, the Secretary send her one month's notice in writing to terminate the contract. Carried.

REDUCED PRICES ON FARM IMPLEMENTS

Substantial price reductions have been applied on practically all farm machinery, according to 1925 catalogue prices issued by leading implement companies serving western Canada.

The reduction went into effect on December 1, J. A. Tanner, branch manager of the International Harvester company declared today. The new prices involve a reduction of \$10 or bunders, \$4 on mowers, \$10 or drills, tractor ploys, \$25. Farm wagons \$8.50, disc ploys \$9.50, gang ploys \$4, and hay rakes \$2.

While no notice has yet been received locally that the reductions mentioned in the above dispatch are to be put into effect such a move would be very welcome, states V. A. Porter, manager of the Edmonton branch of the International Harvester Co. Although the season of 1924 has been a fairly successful one from the machine dealers point of view there is no doubt that such a reduction would act as a considerable incentive to business during the coming year.

A very satisfactory trace is being carried on at the present time states Mr. Porter, in all seasons machinery. A five per cent reduction in the price of sleighs recently has increased the number of these being sold and at the same time there is a brisk demand for feed grinders and small farm engines.

From the general condition of business at present and the amount of money in circulation, states Mr. Porter, it is evident that the majority of farmers are in a better position than they have been for some time. Most of them have realized a fairly satisfactory price for their grain, and the fact that more cattle are being fed on central Alberta farms this winter is an indication that there is abundant feed in the country as well as a tendency to make use of it in the most profitable way. This situation alone will have a marked effect on the stability of farming in a number of districts in many parts of the province.

The curling ice is now built up, and with a continuance of favorable weather should be ready for a game next Saturday evening.

MARKETING OF STEERS IN GREAT BRITAIN

SHRINKAGE IN RAIL AND OCEAN SHIPPING

The twenty-four steers lost on an average 140 lbs per head or 13.2 per cent from Scott to Montreal. The fill in Montreal, that is the difference in weight off cars and when they were fed and watered, was 51 pounds per head or 4.6 per cent. The steers gained on an average of 3 pounds per head during the ocean travel. The yearlings sold in England at a total loss from Scott of 80 pounds per head, or 8.1 per cent while the two-year-olds yost 111 pounds per head, or 8.8 per cent.

COST OF SHIPPING TO ENGLAND

It cost \$39.96 to land Scott cattle in England. This amount was made up of charges to Montreal as already stated plus re-loading to wharf, switching charges, tags, tagging, ropes, roping, pails, banding, wharfage, marine insurance, ocean feed, ocean freight and charges at port of debarcation which included lirage, tolls, droving and veterinary inspection fees.

RETURNS FROM SHIPMENT

The yearlings were made up of fair to choice stockers, averaging 990 lbs live weight at Scott. These steers were appraised at Scott at \$5.50 per cwt. and they realized a net price at Scott of \$5.47 per cwt. after allowing 3 per cent shrinkage on farm weights.

The two-year olds as represented on Western Canada markets were a good lot of butcher cattle averaging 1368 lbs at Scott. These sold at an average price of \$27, 5, 0 which represented a gross price of \$10.44 per cwt. These steers were appraised at Scott at \$6.00 per cwt. live weight and they realized a net price at Scott of \$6.28 per cwt. after allowing 3 per cent shrinkage on farm weights.
